

## NTT-AT Optical Connector Cleaner

The NTT-AT Cleaning Kit is a dry cloth cleaning system that provides excellent cleaning performance for MT ferrules, MTP, MPO, MT-RJ and single fiber connectors. ARIA also offers the NTT-ME Cletop Optical Connector Cleaner products.

Recent testing was performed against three leading cleaning kits on the market using GR-2329 (contamination with dust and oil). The NTT-AT Cleaning kit consistently out performed the competition.

The NTT-AT's improved anti-static material produces a cleaner ferrule that attracts less contamination after cleaning. One cleaning produces 0.06kV of potential vs. 0.33kV for competing technology. Ten consecutive cleanings produce a maximum of -0.06kV vs. 1.16kV.

The cleaning cloth is pre-washed, making this system excellent for use in clean rooms due to the low emissions of particles. The cleaning fabric produces less than 70pcs/CFM of particles >1mm in size compared with other kits on the market that can produce up to 1000pcs/CFm.

One squeeze of the lever advances the required amount of fresh cleaning cloth for each cleaning. The remainder of the cloth is protected from the environment inside the dispenser until you are ready for the next cleaning. This unique cleaning fabric was developed to provide no damage to the fibers resulting in improved end face fiber performance. During recent testing, after 100 consecutive cleanings, there was no visible increase in scratches under 200X magnification.

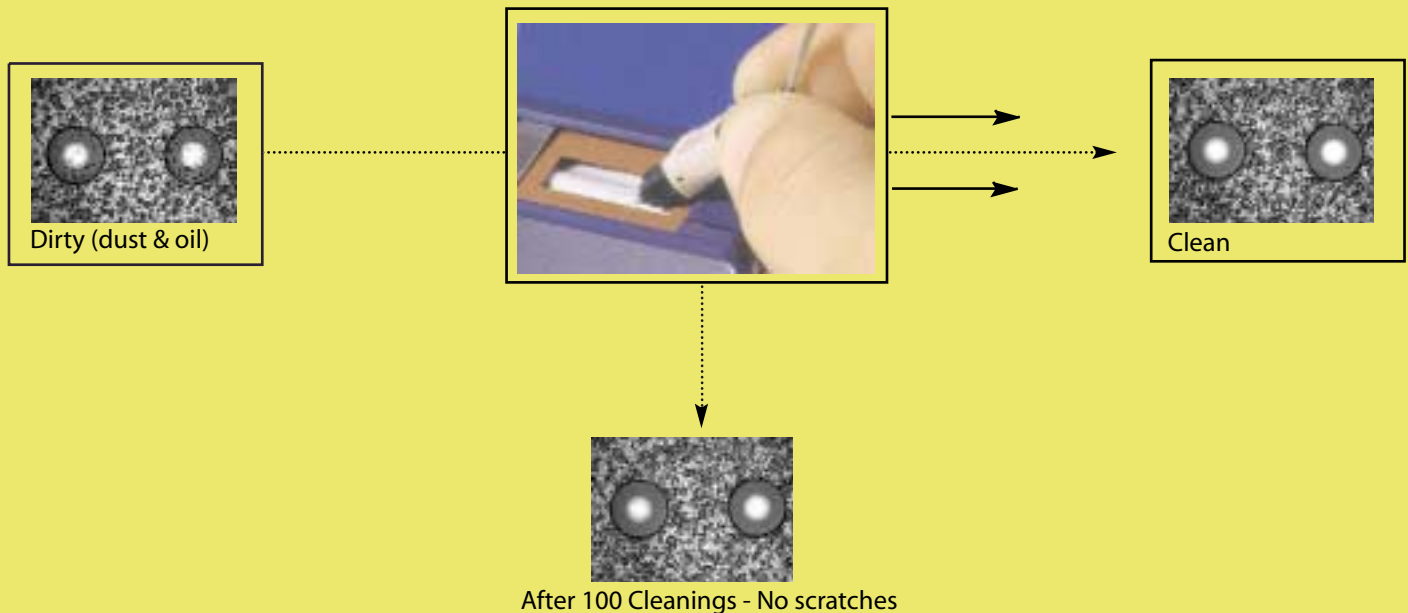

## Applications:

The NTT Cleaning Kit accommodates multifiber, small form factor duplex and single fiber connectors. The kit can be configured to clean male and female MT, male and female MT-RJ, 1.25mm (LC, MU) or 2.5mm (SC, FC) connectors.

## Specifications:

Dispenser Material:	ABS Resin
Dimensions:	83 x 127 x 48 mm
Weight:	150 g
Cleanings:	400 per reel

## Connector Cleaning Products

### Ordering Guide

#### NTT-ME Cletop Products

<i>Product Name</i>	<i>Part No.</i>	<i>Ordering and shipping Unit *1)</i>	
Cletop Type-A Cassette	CLRSL	1 pc (2-slotted window)	40 pcs/shipment
Cletop Type-B Cassette	CLROP	1 pc (Open window)	40 pcs/shipment
Cletop MPO Cassette	CLRMP	1 pc (Open MPO window)	40 pcs/shipment
Cletop MT-RJ Cassette	CLRMT	1 pc (Open MT-RJ window)	40 pcs/shipment
Cletop S Type-A Cassette	CLRSA	1 pc (2-slotted window)	40 pcs/shipment
Cletop S Type-B Cassette	CLRSB	1 pc (Open window)	40 pcs/shipment
Cletop Replacement Reel	CLETR	1 case (6 reels)	30 cases/shipment
Cletop Stick 1.25mm	CLST12	1 case (200pcs)	10 cases/shipment
Cletop Stick 2.50mm	CLST25	1 case (200pcs)	10 cases/shipment

#### NTT-AT Reel Cleaner Products

<i>Product Name</i>	<i>Part No.</i>	<i>Ordering and Shipping Unit*1)</i>	
Reel Cleaner Cassette - SL	FCRSL	1 pc (2-slotted window)	50 pcs/shipment
Reel Cleaner Cassette - OP	FCROP	1 pc (Open window)	50 pcs/shipment
Reel Cleaner Cassette - MPO	FCRMP	1 pc (Open MPO window)	50 pcs/shipment
Reel Cleaner Cassette - MT-RJ	FCRMT	1 pc (Open MT-RJ window)	50 pcs/shipment
Replacement Reel	FCRRF	1 case (6 reels)	40 cases/shipment
Card Cleaner	FCCWH	1 pc (with 10 sheets)	20 pcs/shipment
Card Cleaner Refill	FCCRF	1 box (10 pack=100 sheets)	1 box/shipment
Stick Cleaner 1.25mm *2)	FCST12	1 case (200 pcs)	5 boxes/shipment
Stick Cleaner 2.50mm *2)	FCST25	1 case (200 pcs)	5 boxes/shipment

Terms: FOB Livermore, CA

Payment : Net 30 days

Delivery: All products available in stock for immediate delivery.  
1.5 weeks ARO for large quantities.

Note: \*1) Please contact us for more information or minimum shipping quantity

\*2) Quantity per box will be 250 pcs in Q3, 2002
